

# CIRU MED CLINIC

24th & 25th May 2018

## 6th LIVE SURGERY COURSE MARBELLA

This year's event will bring a new format, designed to give a highly practice orientated, practical teaching experience. It is our objective to provide surgical inspiration, valuable take-home messages and overall a boost to the practices of all our guests.

### Day 1 : BODY CONTOURING CHALLENGE

4 surgeons sharing the experience of a few thousand body contouring cases between them will demonstrate their way to do Live Brazilian Butt Lift surgery. Our audience will rate the surgeries with view to didactic value, technique, surgery efficiency and result!

### Day 2 : COMPOSITE BREAST AND BUTTOCK AUGMENTATION

Composite surgery combining breast and buttocks combining silicone implants is one of the hottest topics in modern Plastic Surgery. 4 expert surgeons in the field will demonstrate their approaches in Live Surgery A real practice booster!

Course venue is The Marbella Don Carlos Hotel directly beachside and also the place for our Course Gala dinner on the evening of the 24th of May, with direct view to the Mediterranean Sea. As a special highlight, join us for the Niki Beach Marbella white Party, opening the summer season on the Costa del Sol!

We are looking to welcome you forward to an inspiring event!
